EDUCATION

Dev Bootcamp
June 8th - September 25th 2015
19 week intensive program focusing on the skill sets to become a full stack developer

Berklee School of Music
September 2003 - September 2005
Music Production and Engineering

SUMMARY

Full Stack Web Developer dedicated to cleanliness and efficiency while producing meaningful code. Growing up with a strong passion for music, I've funneled my creativity into composing succinct and organized web applications. Flexible, resourceful and a strong leader, I'm committed to building completed projects to the fullest of my capabilities while helping others along the way.
